26 JANUARY 2019  
THE JAMES MUSEUM

# Events at BCH Mechanical and ConServ Building Services

“

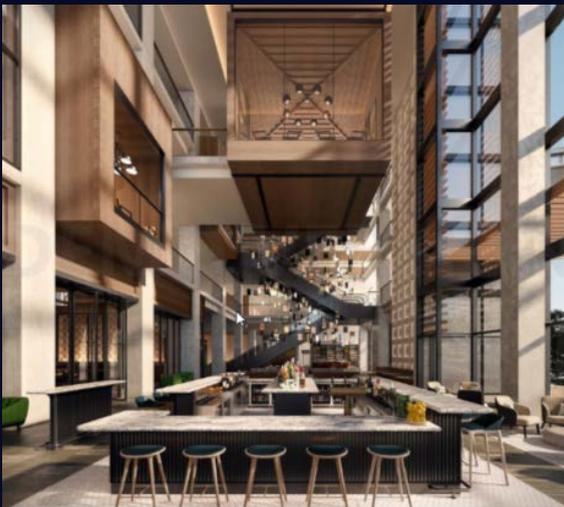

"Being employed at ConServ has been an honor. My abilities are appreciated and they (ConServ) never hesitate to show their appreciation for my work ethic."

We value our Employees!

# PROJECT SPOTLIGHT

## Water Street's JW Marriott

Coastal Construction selected BCH for this 26-story luxury hotel. The hotel will have 519 rooms, a full-service restaurant, retail stores, spa, and fitness center, as well as a 4-story atrium.

The hotel features 100,000 square feet of meeting and event space, including the largest hotel ballroom in Tampa Bay at approximately 30,000 square feet. The property will also offer a restaurant with indoor and outdoor seating, bar, event lawn, and extensive pool. A rooftop lounge and terrace on the 26th floor provide 360-degree views of Tampa and the bay.

JW Marriott recently broke ground, steps away from the Tampa Convention Center and Amalie Arena. The grand opening is expected in 2020.

Lakeland Regional Medical Center

## J.J. THE "BEE" AWARD

THE BRAND NEW EMPLOYEE RECOGNITION PROGRAM

In honor our late long-time employee, Jimmy Johnson, our resident bee keeper, we are starting a new Employee Recognition Program to recognize all consistent and impactful nominations that encourage a positive culture.

Long-time employee Jimmy Johnson's passing caused many of us to remember that we must make the most of every moment. Jimmy was a beekeeper and his hive lives on the BCH campus. He would pass out honey at Christmas. The Bee Award will honor Jimmy Johnson, and serve as a reminder to all of us that life is too short, so make every day count and Bee impactful with everything you do!
